

# Curie Newsletter      October 2023

The focus of our first enrichment day was honesty. At the start, we watched the story of Zacchaeus and discussed how honesty was important in this story. We then spoke about the meaning of honesty and what that actually looks like to us in school before taking part in several activities.

We looked at several quotes about honesty and then made our own quotes and added decoration and colour.

We shared the story of 'The Boy Who Cried Wolf.' In our groups, we then came up with our own stories which involved a lie, a consequence and a moral of the story.

Together, we explored scenarios that could happen in school, like problems on the playground or something in the classroom. We used discussion and drama to reflect on how we could resolve the problems in an honest way.

The first enrichment day of the year was great fun and it was really nice to work with people from different year groups.
