

Honesty

Galileo—Enrichment Day Newsletter

On Friday, the 13th October 2023, **Galileo** joined together for a morning of activities. Our Enrichment Day theme looked at one of our Frimley Values—honesty. During our first activity, we acted and drew reactions and solutions to four scenarios involving the importance of being honest and the repercussions of not telling the truth. Everything was linked to life in school and actions which can impact the classroom and behaviour on the playground.

Then we created some acrostic poems showing all the positive choices we make at Frimley.

We then had the choice to write and draw images around our poem or type them up using Keynote on the IPADS.

It was a great day because we got to work with children from different year groups.

Young Harmony
By Max and Arman

Honesty was first,
Then, came harmony,
After that came we live harmoniously,
Lastly, came pain and suffering,
Then the saviour came and redeemed our sins,
The saviour was called Jesus and send by God,
And then he redeemed us of our sins.
