

Frimley Church of England Junior School

Dear Parents/Carers,

On Friday 19th April, we are hosting our original sponsored fitness circuit led by England Women U20 World Cup 3rd place playoff winner Chloe Pelow. This event is hosted by Sports for Champions who have been delivering workshops in schools for over 12 years.

During the day, Chloe will talk about her experience of World Cup football and share stories of hard work, determination and lessons learned during a whole school assembly.

Sports for Champions support athletes that are unsponsored so struggle to pay for treatments such as physio or equipment to train with. 40% of the money raised by you will help these athletes achieve their goals and the remaining 60% will be donated to Frimley CofE.

They are a Community Interest Company, and they appreciate that not all families are able to raise funds. They will ensure that every child will get recognition for taking part, regardless of whether they have been sponsored. Please do not feel pressured or expected to raise sponsorship money for your child.

Your child will be played a video in class detailing what will happen during the event and how they can be sponsored for it. If you need another sponsor form, please let your class teacher know and I can provide another one as this is your way of tracking and noting down every sponsor. Sponsors can be taken in cash given to the office or online by scanning a QR code on the back of the sponsorship form.

The athletes would like to recognise your children's hard work and dedication to their fundraising by rewarding them with a personalised thank you reward. These rewards mirror the gold, silver and bronze medals that all sports people work towards.

If you have any questions or queries about this event, please contact the office and I will get back to you as soon as possible.

Kind Regards,

Miss Pearce
PE Lead
