## Primary Mathematics Challenge 2024

Dear Parents/Carers,

At Frimley, we are always looking for ways to raise the profile of maths. This year, we are offering pupils in year 5 and 6 the opportunity to participate in the Primary Mathematics Challenge. The PMC website states:

### What is the PMC?

Created by The Mathematical Association, the Primary Mathematics Challenge (PMC) is a fun and exciting mathematical challenge.

The PMC is not designed to be just another test in the school year. We are of the belief that the PMC **encourages enthusiasm**, **boosts confidence** in mathematics and shows the different way questions can be asked. We believe in the importance of **problem solving** as a means of helping pupils develop their **reasoning skills**.

Children who choose to take part will have the opportunity to complete the challenge in school between the 11<sup>th</sup> and 22<sup>nd</sup> November. Upon completion, they will receive a certificate.

For more information visit <https://www.primarymathschallenge.org.uk/>

This is non-compulsory and is seen as an opportunity to participate in a fun challenge for those with a keen interest in maths.

If you would like your child to participate, please complete the form in the link below by Thursday 26<sup>th</sup> September.
